## **COPAS-COLORADO NEWS**

## **♦** February 2011 **♦** Volume 2010 – 2011 No. 6 **♦**

## President's Message

We have some great speakers lined up for the rest of the year. February's tech session will be by member Meghan Hendershot and will be presenting "Going Paperless". I've seen a preview of the topic and found it amazing what SM Energy has done. This month's luncheon speaker will be Wendy Wiedenbeck from Encana. She will be speaking about community relations and some of the extra things we do when drilling close to homes and businesses. I hope you can join us on February 15<sup>th</sup> for our next meeting.

Please note that due to the size of our group and the logistics of the Marriott schedule we will not have a May meeting this year. Our Education Day will be Tuesday, June 7th. The Education Committee is working hard to have a great keynote speaker immediately following the luncheon as well as great speakers throughout the day. Stay tuned for more information as they finalize the schedule and speakers.

The Board is also looking at revising our Bylaws. The revision will probably only relate to one item but they will be reviewing the Bylaws for other changes. Gayle Richardson will head up the Bylaws Committee for a vote at our April Meeting. Any amendments will be effective with our year that will begin July 1, 2011. If you have any interest being on the committee or assisting with the vote, please contact Gayle at Grichardson@sm-energy.com.

My theme this year is "**Together We Can Do It**." I truly believe that without the volunteers and other members willing to step up to help we would not succeed. February's Volunteer of the Month is Brenda Thompson with Mak-J Energy. Please see the "Volunteer of the Month" section for more information.

#### **Volunteer of the Month – Brenda Thompson**

Brenda Thompson with Mak-J Energy is our February Volunteer of the Month. She has been a member of COPAS-Colorado since 1994. Do you remember Ado Annie's famous song, "I Cain't Say No"? That could be Brenda's theme song. Brenda has pretty much done it all as a COPAS member.

Brenda has been an elf at the Holiday luncheons; she chaired the Education Committee (locally and nationally) as well as co-chaired the National Meeting held in Breckenridge in 2007. Brenda served six years on our board from 2001-2007 and served as President one year. Brenda has been on Nominating Committees both locally and nationally. She then joined the COPAS Board for her first term in 2009. She is currently the President of COPAS.

It gives me great honor to recognize her as our volunteer. She is an inspiration to all of us!!! Again, thank you Brenda for being an outstanding member!

# General Meeting & Luncheon February 15, 2011 12:00 PM

This month, Wendy Wiedenbeck, Public & Community Relations Advisor with Encana Oil & Gas (USA) Inc. will speak about community relations and some of the extra things we do when drilling close to homes and businesses.

We would like to ask all members to please help us ensure that luncheon registration goes smoothly. The deadline for registration is noted in the monthly email blast as well as on our web site. If you are a paid member, please log onto the web site and register even if you fail to receive the email blast. You do not need to register through the email blast. Please make sure you put the correct email address in your registration. Should your plans change after registration, please notify Diane Kirk at dkirk@eksh.com. You must also note any special meal requirements in your on-line registration (for example, if you are a vegetarian, vegan, do not eat beef, etc). The hotel cannot accommodate additional unplanned requests in a timely manner. Those requesting a special meal will need to inform their server of the request once seated.

Please note that you will be sent a registration confirmation a day or two before the luncheon. If you do not receive the confirmation, and you registered (but perhaps typed in your email incorrectly) or would like to register, please notify Diane Kirk immediately. You will be added space permitting.

Remember that registration starts at 11:30 a.m. and lunch starts at 12:00 p.m. Registration will not be open until 11:30 a.m. To attend, please register no later than Tuesday, February 8th at www.copascolorado.org/meetingregistration.html.

## Technical Session February 15, 2011 10:30 AM

The Technology Committee is sponsoring the February Technical Session prior to the COPAS luncheon on February 15th. Meghan Hendershot will be giving her presentation on "Going Paperless: A brief introduction to the benefits of processing documents digitally." SM Energy has made great strides in this arena, and it is extremely eye opening and informative to learn about what they are doing. Don't miss this presentation!

## **COPAS National News**

Each year the COPAS national board of directors, like the Colorado board, adopts goals for the upcoming year. At our January 24th meeting, the board adopted the following:

- 1 Develop a long term strategic plan. COPAS has standing objectives as outlined by our bylaws and we actively seek to meet those objectives. By developing a long term plan, we hope to create the vision and direction for the organization's next 10 years.
- 2 Develop and implement a strategic plan to revitalize the APA® program. The APA® program is a vital part of our mission. In the last couple of years we have seen a reduction in those pursuing the certification. It is our goal to review the process and make it vital once again.
- 3 Promote and expand the COPAS MPACT Educational JV. Among the objectives outlined by our bylaws is the mandate to provide education both to our members and to the public regarding our industry. The education joint venture is an excellent avenue to achieve this goal.
- 4 Develop a process for the continuous review of COPAS publications. The COPAS documents are the heart of our organization. We need to ensure they are reviewed before they become outdated.
- 5 Promote and expand COPAS industry relationships. Again, our bylaws emphasize that we have a responsibility to be involved not just in educating our members, but also to be involved with our peer groups such as Desk and Derrick or AAPL.

We have an exciting year ahead of us. Stay tuned for the results.

Thank you for the opportunity to serve.

Respectfully submitted by Brenda Thompson and John Hultin, COPAS Board

The education committee also has the annual COPAS-Colorado scholarship process underway. Similar to last year, we will be looking to give scholarships to four students who are working towards an accounting career in the oil and gas industry. Scholarship recipients will be determined based on written submissions. We are beginning to attend campus events to provide information on COPAS-Colorado and promote the scholarships.

The next meeting for the Education Committee will be on Wednesday, February 2, 2011 at 12:00 p.m. at the offices of Encana Oil & Gas (USA) Inc., 370 17th Street, Suite 1700. Please RSVP to Kevin Barnes at kbarnes@sm-energy.com or call 303-861-8140.
